Good morning,
Coutts is very quiet, we have no current concerns. Council did send a list of questions to the RCMP and we are supposed to be being addressed at our council meeting on Tuesday, all local issues.

Good morning,

I'm touching base to see how things are going within your municipalities? These Convoys have obviously gained a lot of media attention and definitely growing in size and numbers.

Alberta Justice and Solicitor General (JSG) & Alberta Transportation are the lead GOA Ministries for these events, if you have any concerns you would like raised at the provincial level or discussed send those through myself and I can forward for a response.

Regarding local issues, we have been told to direct municipalities to your local RCMP Detachment and / or your Alberta Transportation Field Representative. If you need contact names and information let me know and I can assist in providing that for you.

Thank you,

Garry Dzioba

The only impact we have seen so far is that people must show I.D. to get home.
There has been no impact on service levels, life or property in the County.

I would say the same thing for Milk River, there was less trucks in the parking lot this morning then on a normal day.

I have spoke with our elected people and they have instructed me to stay out of everything. Unless something has changed since I last spoke with Lori there is no need to start the ICP/ECC

Thanks

Shawn

Good morning Lori,

When you get an opportunity can you provide an update regarding the impacts of this civil disobedience on the Village of Coutts, along with any concerns the Village may have.

Shawn, as this has spilled into the County of Warner and possibly the Town of Milk River could you also provide an update regarding the impacts to these 2 municipalities along with any concerns you or Jon may have.

If CoWREP decides to activate your ICP/ECC in support of the response efforts there, please let me know so I can notify the POC and engage with you for any GOA support.

Thank you,

Garry
